SUMMARY

Frontend Engineer experienced in building transaction-heavy web applications for banking, fintech, wealth management, insurance, payments, and enterprise platforms. Hands-on with React, Next.js, TypeScript, modern state management, and frontend delivery for clients including BCA, Bank Danamon, BRI, Pegadaian, Maybank, and Petron Philippines.

SKILLS

Frontend: TypeScript, React, Next.js, Vue, Angular, Preact

State and Data: TanStack Query, Redux Toolkit, Redux, Zustand, Axios

UI and Testing: Tailwind CSS, Ant Design, MUI, shadcn/ui, Bootstrap, Playwright, Vitest

Additional: Java, Spring Boot, Node JS, PostgreSQL, MySQL, Git, Jira

EXPERIENCE

Indivara Group

Software Engineer / Frontend Engineer | Jakarta, Indonesia | Aug 2021 - Present

Delivered frontend work across banking, fintech, wealth management, insurance, payment, and enterprise platforms.

Worked as a frontend engineer and, on selected client engagements, led frontend delivery within cross-functional teams.

SELECTED CLIENT PROJECTS

Petron Philippines - Corporate Dashboard

Lead Frontend Engineer | Mar 2025 - Mar 2026

Led frontend delivery for a corporate dashboard built from scratch, including registration, PIN setup, authentication, and inter-company fund-transfer flows.

Built a bulk top-up workflow for CSV and Excel transaction uploads, replacing a manual one-by-one process.

Maybank - Wealth Management System

Frontend Engineer | Mar 2026 - Present

Developed Unit Trust workflows: product setup, subscription, redemption, and NAV calculation.

Implemented Playwright automated tests for critical workflows to strengthen regression protection before releases.

BCA - Wealth Management System

Frontend Engineer | Sep 2023 - Sep 2024

Developed fixed-income product setup, buy, sell, and settlement workflows for enterprise investment transactions.

Pegadaian Asuransi Service

Frontend Engineer | Sep 2024 - Mar 2025

Developed an insurance-claims workflow for claim submission and tracking.

Partnered with QA during testing and release preparation.

ADDITIONAL RELEVANT ENGAGEMENTS

Bank Danamon Indonesia - Mutual Fund Platform: developed subscription, redemption, and switching workflows.

Mitra Artha Pembayaran: built UI and WebView integration for the Dompot Nusantara payment flow.

Maintenance Service and Java Development Training: production maintenance for BRI and PNM, plus warehouse and shipment-management application development.
